Digging Deeper into Soil Health

At the Great Frederick Fairgrounds, Null Building (Building No. 9)

📍 797 E Patrick St, Frederick, MD 21701

Frederick and neighboring county producers are invited to attend Digging Deeper into Soil Health presented by **Dale Strickler of Regenerative Wisdom** and hosted by the **Catoctin and Frederick Soil Conservation Districts and Frederick County Farm Bureau!**

Topics Include:

- **The Economics and Soil Health Benefits of Livestock Integration on Crop Ground, Grazing Cover Crops, and Grazing Management.**
 - **Carbon Capture and Building Climate Resiliency into your cropping rotations.**
- And much more!**

Raffles and exclusive insights into state and federal programs will be offered throughout the day!
